“Best Fishing in the Northeast”

Without question the eastern end of Lake Ontario is the hottest spot in New York state for trophy salmon to say the least. It is without a doubt a “World Class Fish-ery” and this past season was one of the best in history. It is here that Captain James W. Fetterhoff Sr. has spent the past three decades fishing.

He caught a common local disease called “salmon fever,” a condition that affects many but not usually this strongly. It’s like an obsession, a passion and a true love affair.

With his dedication and love of fishing you are sure to have the trip of a lifetime on Midway. We won’t lie and promise huge fish aplenty on every trip, but we promise our very best to make it a fishing experience to remember always. We specialize in small groups and families with a max of 6 people. However since the boat is priced per charter and not per person the fewer people in the charter the more reel time
