“Best Fishing in the Northeast”

Without question the eastern end of Lake Ontario is the hottest spot in New York state for trophy salmon to say the least. It is without a doubt a “World Class Fishery.” It is here where Captain James W. Fetterhoff, Sr. has spent the last 2 decades fishing. He caught “Salmon Fever,” a condition that affects many, but not usually this badly. It’s like an obsession, a passion, a true love affair. With his dedication and love of fishing you are sure to have a trip of a lifetime. We won’t lie and promise huge fish aplenty every trip, but we promise to try our best to please you. We specialize in small groups and families, maximum 4 people. Remember the fewer people in your party, the more fish each reels in.

The vessel “Midway” is a 30 ft. fishing machine loaded with the latest electronics by Ray Marine, featuring sonar, radar, and G.P.S. Downriggers are by Cannon. “Midway” has a private standup head/bathroom for your convenience. Inside the cabin you’ll find a TV-DVD entertainment center for those not interested in fishing. We’ve got what it takes to keep the whole family safe, dry, and happily entertained.
